Review xxx glucose control with pts. and case manager

I have a better way of educating my patient

None

Evaluation Summary

Diabetes Overview(KP) - 4/4/2011

Question 6

none

Great class

Learned the props and the presenter was entertaining!

Great speaker

We need pt education charts. Thank you!

None

Directions from website sent us to the wrong building

Just excellent!

Knowledgeable, excellent, give good case studies from experience

Thank you for this "another opportunity" for a review.

absolutely excellent! Really enjoyed this teaching/learning session.

Great class! Thank you.

Great presenter!

Thank you. Leave the CE xx in an organized way

Great instructor!

The directions were not good, sign on the lobby would had been nice

I was pleasantly surprised how well (and painlessly) a lot of info was provided

Excellent presenter; had great control, held interest of a large group

Really enjoyed having the diverse group of folks from outside kp

Very well done

very good skills @ reinforcing leanings throughout class & via Bingo

Great job.
